

CT900-2 CTD900-2

When describing the Cleantec 900 we have called it the “truck-type” machine because it is built like a truck yet is as easy to handle as any of the Cleantec range.

The all Structofoam construction leaves little to be desired, being rugged yet light in weight, and with oversized wheels and castors you can move it easily over all surfaces, or up and down stairways. The 900 is our largest machine to incorporate the compact “tank within a tank” design, allowing for use in confined areas.

The 900's come in two models, one-motored or two-motored, both incorporating our Twinflo' bypass motors and integrated Powerflo' pump system. The pump system injects the cleaning solution deep into the carpets in a continuous deep cleaning cycle and these bigger machines will cover an area more than three times that of our smaller machines, without the need for emptying. The unique tipper system incorporated within the chassis design allows for the machine to be emptied in floor drains or WC's where available, and this is especially important in office blocks and high rise apartment blocks.

The full accessory kit provides for both carpet or upholstery cleaning, with optional kits and accessories available for hard floor cleaning and wet and dry pick-up.

Model	Motor	Power	Airflow	Suction	Dry	Wet	Ext	Range	Weight	Size
CT	1200W	230V	40 L/sec	2500mm	40L	32L	17L/17L	26.8m	23.0Kg	800 x 490
CTD	2400W	AC 50/60Hz	80 L/sec	2500mm	40L	32L	17L/17L	26.8m	25.5Kg	x 880mm

Also available 115V/120V specification.
